

LEWES ARCHAEOLOGICAL GROUP

- The **Lewes Archaeological Group** was formed in 1969 to investigate the prehistoric and historic remains in the town of Lewes and the surrounding district.
- We run a winter series of **evening lectures** in Lewes on historical and archaeological topics, frequently with a local focus, and a **summer programme** of walks and other events.
- Our **newsletter** and **email list** keep members up to date with local news and opportunities to volunteer in and study archaeology. We encourage members to become involved in archaeological fieldwork, often working with other local societies and organisations.
- For more information contact Sue Berry, Chair, at berry.s48@btinternet.com
